

# make and Display your own Lollipop Person...

Show your Classes SUPPORT By Displaying your Lollipop Person for all to see! Colour them in and cut them out...

## You will need!

Cardboard, colouring pens, pencils or crayons. A good strong pair of scissors (Be carefull scissors are sharp! ask your teacher to help when using scissors)

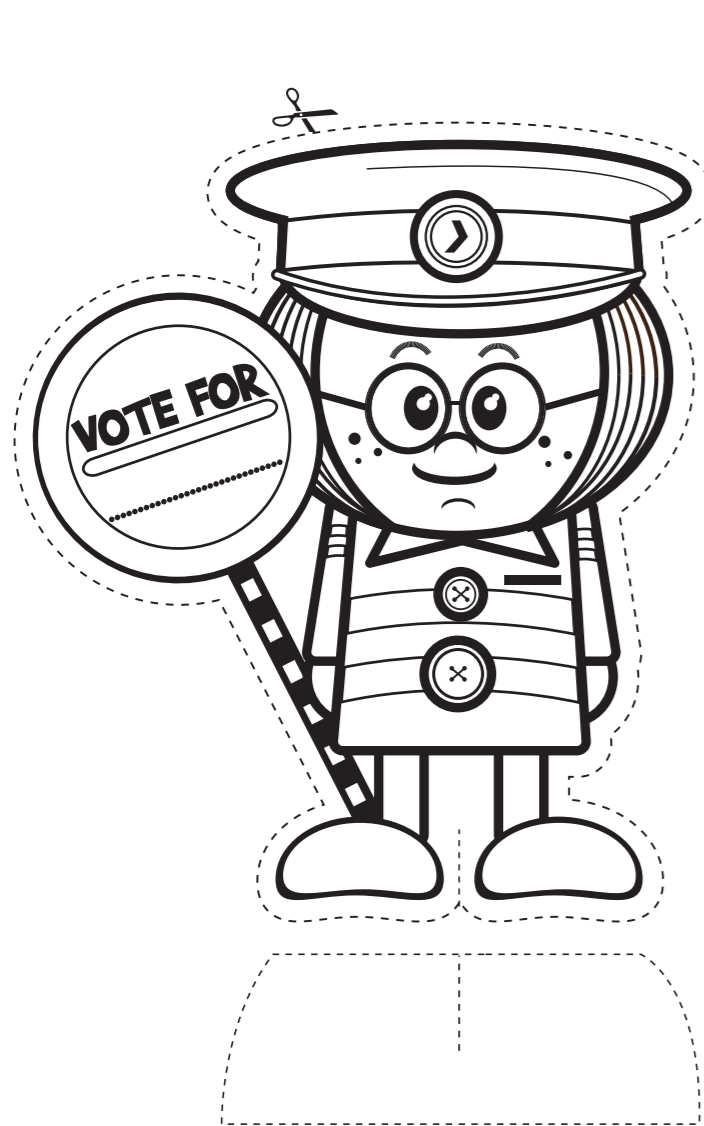

## How it works

Colour your Lollipop Person in. Remember you can use any colours you like. Once that is complete cut around the Lollipop Person using a pair of scissors carefully following the dotted line. Do the same for the back and base section. Stick the base and one side of the Lollipop Person down onto card and cut, carefully, round the edge. Once this is finished you can stick the back image on. Cut the dotted line on the base and figure then slide the base section on to the bottom of the Lollipop Person in a cross to create a stand. **Now display your Lollipop Person somewhere where everyone can see who you are supporting!**

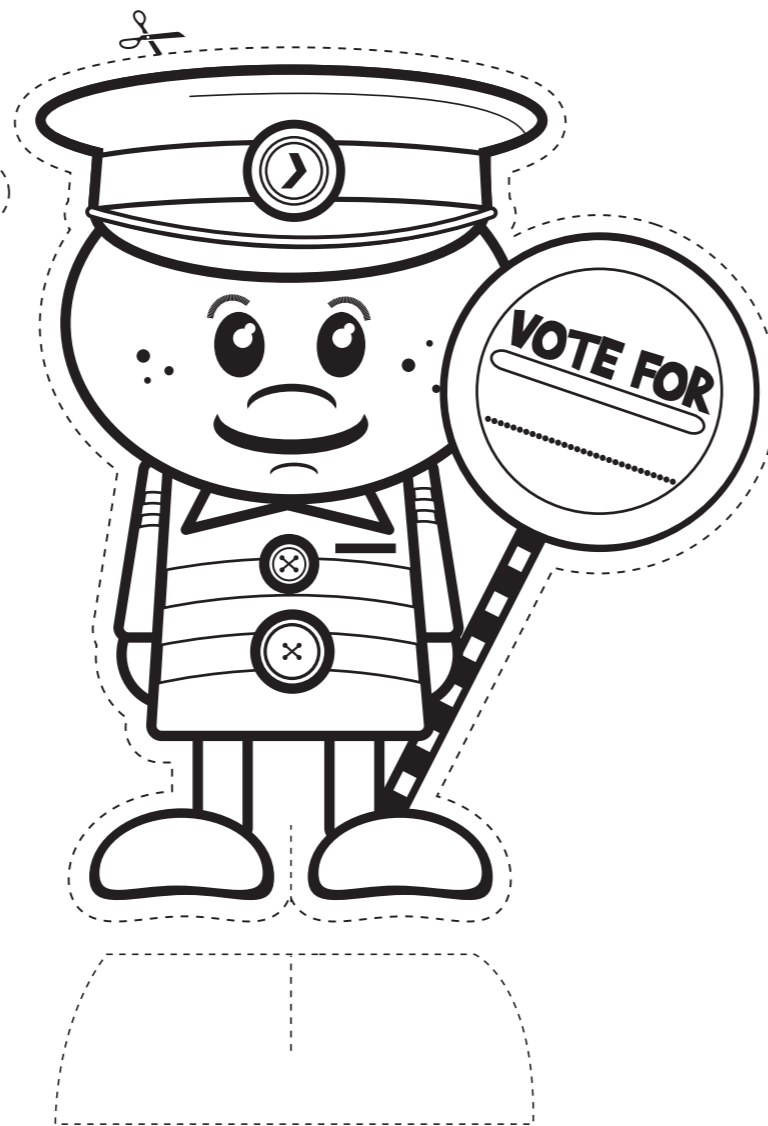

## How it should look...

The pictures below show one's we made earlier so you can see how it should look.
